PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-487. A petition from a citizen of the State of New Mexico relative to the State of New Mexico participating in a "joint lead" capacity with the Bureau of Reclamation in developing an environmental impact statement for the Fort Summer Dam and Pecos River; to the Committee on Energy and Natural Resources.

POM-488. A joint resolution adopted by the Legislature of the State of Washington relative to public recognition programs commemorating the 50th anniversary of the Korean War; to the Committee on the Judiciary.

SUBSTITUTE SENATE JOINT MEMORIAL 8026

Whereas, On Sunday, June 25, 1950, seven North Korean Army Divisions supported by tanks and aircraft, conducted an attack and invaded the Southern Republic of Korea; and

Whereas, Three years and over five million casualties later, a cease fire was secured ending the fighting only miles from where it began; and

Whereas, The Korean War has only become a footnote in history to most Americans, but was no less of a war to the one and one-half million fighting men and women from this nation who served in that short "Police Action" and struggled to contain Communist aggression; and

Whereas, The memories of endless hostile hills, gritty pudding-like mud, snow, choking dust, frozen reservoirs, long periods of boredom, and the violent death of friends will forever linger in the minds of those who fought under these inhospitable conditions; and

Whereas, Twenty-two nations joined forces with the courageous people of South Korea, cherishing freedom and democracy under the United Nations Command, and eventually secured a cease fire for the preservation of peace and a democratic way of life for the citizens of South Korea; and

Whereas, More than five hundred sons and daughters of Washington state stood in the unbroken line of patriots who dared to die in order that freedom might live and grow. Freedom lives and through it, these courageous men and women live in a way that would humble the undertakings of most people; and

Whereas, The families and loved ones of these men and women sacrificed just as much, by enduring the pain of their absence, the uncertainty of their whereabouts, and the agony of their deaths; and

Whereas, This millennium commemorates the 50th anniversary of that holocaust, known as "the Forgotten War" and veterans' service organizations are involved in honoring those gallant veterans who fought the battles for the preservation of freedom, and

the members of the armed forces who even to this day guard the gates of freedom in Korea; and

Whereas, As a nation, we should educate every generation of Americans on the history of the Korean War in preserving our nation's liberty, freedom, and prosperity, and commemorating this event will provide Americans with a clear understanding of, and appreciation for, the sacrifices of these veterans and their families;

Now, therefore, Your Memorialists respectfully encourage communities nation-wide to hold public recognition programs commemorating the 50th anniversary of the Korean War; be it

Resolved, That copies of this Memorial be immediately transmitted to the Honorable William J. Clinton, President of the United States, the Secretary of the United States Department of Defense, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington.

POM-489. A resolution adopted by the National Conference of Insurance Legislators relative to the practice of rebating or the sale of crop insurance by non-licensed agents; to the Committee on Agriculture, Nutrition, and Forestry.

POM-490. A joint resolution adopted by the Legislature of the State of Arizona relative to the establishment of new national monuments in Arizona; to the Committee on Energy and Natural Resources.

HOUSE JOINT RESOLUTION 2001

Whereas, the establishment of two national monuments in Arizona by the President of the United States represents a misuse of the Antiquities Act of 1906 to set aside enormous parcels of real property. The Antiquities Act (16 United States Code sections 431, 432 and 433) grants authority to the President of the United States to establish national monuments, but the Act was intended to preserve only historical landmarks, historic and prehistoric structures and other objects of historic or scientific significance; and

Whereas, the proposed designation of two national monuments in Arizona clearly violates the spirit and letter of the Antiquities Act, which requires monument lands to "be confined to the smallest area" necessary to preserve and protect historical areas or objects; and

Whereas, the people of Arizona, the Arizona Legislature, the Governor of Arizona and the Congress of the United States have not consented or approved this designation, yet the creation of two new national monuments in Arizona could potentially have a significant economic impact on this state. Instead of working as a partner to help local committees and states define and achieve their conservation goals, the federal government dictates unilateral actions that would affect this state and exclude citizens and local governments from determining land management decisions in their communities; and

Whereas, the land management and conservation efforts are best administered and managed at the local levels of government. The failure of the federal government to recognize and respect this basic tenet represents an arrogant usurpation by federal powers and a violation of states' rights. Therefore be it

Resolved by the Legislature of the State of Arizona:

1. That the Legislature denounces the designation of two national monuments in the State of Arizona without full public participation, consent and approval of local governments, the Arizona Legislature, the Governor and the Congress of the United States.

2. That the Congress of the United States take action to prevent the designation of any national monuments in this state without full public participation, consent and approval of local governments, the Arizona Legislature, the Governor and the Congress of the United States.

3. That the Secretary of State of the State of Arizona transmit a copy of this Resolution to the President of the United States, the United States Secretary of the Interior, the President of the United States Senate, the Speaker of the United States House of Representatives and each Member of Congress from the State of Arizona.
